

Provisional 2026 ISSRNC Conference Schedule

The ISSRNC conference will officially begin on **Saturday, 10 October 2026**. The conference will primarily take place at Ca Foscari University on San Polo Island, Venice.

Please note that all concurrent panel and papers sessions will take place on Tuesday and Wednesday (13+14 October). As such, all presenters should plan to attend through the end of the conference.

The full conference schedule, including the presenter schedule, will be made available in August, after registration closes.

We encourage all conference participants to review the provisional schedule closely, and to plan to arrive in Venice before the conference begins on Saturday afternoon. Wednesday is a full conference day, and we encourage all participants to stay and join us for the Conference Closing Events scheduled for that evening.

Saturday, 10 October
